

Session 2 // High Precision

Market Overview	9:00	<p>Michael Mastier, Policy Officer, GNSS Applications Unit, Directorate General of Enterprises and Industry, European Commission</p> <p>Carmen Aguilera, Market Development Officer, European GNSS Supervisory Authority (GSA)</p>
Industry Keynotes	9:20	<p>GNSS Applications in Agriculture -Today and Perspective, Dr Michael Quinckhardt, General Manager, CLAAS Agrosystems GmbH & Co KG</p> <p>Precision Agriculture Applications, Rob Kiernan, Global Sales and Marketing Manager, Leica Geosystems AG</p> <p>GNSS as a Key Instrument for Administration and Control of CAP Direct Aids, Wim Devos, Technical Officer, MARS Unit, Joint Research Center (JRC), European Commission</p> <p>Exploiting the High Precision Capabilities of the Hellenic Positioning System - HEPOS, Dimitrios Mastoris, Geodetic Department Executive, KTIMATOLOGIO S.A</p>
	10:00	Q&A
Presentations of Application Success Stories from the ESNC	10:15	<p>A New Localisation Method Enhancing High Precision GPS Sensors with Terrestrial Laserscanner Data, Petra Krahwinkler, Research Associate, Institute of Man-Machine Interaction at the RWTH Aachen University</p> <p>Port Operations and Freighter Berthing, Dr Kutz Arietta, Program Manager, iSaski Software</p> <p>Global Real-Time Positioning at the Centimeter Level, Dr Tim Springer, Founder and CTO, PosiTim</p>
	11:00	Coffee break, Networking in the Exhibition, Demonstrations in the Application Village
Presentations of New Applications Funded under FP7	11:30	<p>User Requirements in New High Precision Applications in Agriculture (FIELDFACT), Tamme van der Wal, AeroVision B.V.</p> <p>Mowing the Lawn by Satellite (MOW-BY-SAT), Michèle Poncelet, Nav On Time</p> <p>Advance Galileo Navigation System for Asphalt Fleet Machines (ASPHALT), Santiago Urquijo, Fraunhofer</p> <p>Improving the Efficiency of De-icing Services and Emergency Call Management on Winter Professional Vehicles Using EGNOS (GOLDEN-ICE), Mauro Mattio, Saet S.r.l</p> <p>Integrated Interferometry and GNSS for Precision Survey (I2 GPS), Alan Fromberg, SEA Ltd</p>
	12:20	Q&A
Elevator Pitches of New GNSS Application Ideas	12:30	<p>Navigation Solutions for Marine Applications, Allesandro Cantore, Blue Thread srl</p> <p>The Mega Printer – a Novel, ‚green‘ Way to Communicate your Message in a Huge Scale, Triantafillos Triantafillou</p>
	13:00	Business Speed Meetings** & Networking in Application Village
	14:00	End of Galileo Application Days
